Greetings to each of you: our friends, partners, and co-laborers! Thank-you for your continued prayer, concern, love, and support!

- This has been a wonderful season in our lives to say the least. In July we celebrated our 40th anniversary, and we are still best friends! Praise the Lord for the gift of a good marriage!
- Things continue to go well in our work across Latin America, and we are blessed to report that so far this year over 1500 people have made a profession of faith in Christ in both our works in Bolivia and our partnerships in other countries. God has been good.
- We are in the beginning stages of planning a conference in Bolivia to host Pastors from our Pastoral Network.
- So far, our travel agenda for next year is Texas, Bolivia, Mexico, the Dominican Republic, and Peru. Please let us know if you'd like us to come in for a visit with you.
- Recently, at our Annual BIO Fall Meeting, one of the main focuses was on Missionary care and support. Former Pastor Chris Luppino and long-time Pastor/Missionary Don Mingo gave us tremendous insight as to how we can better serve Missionary families, help their ministries, and encourage them in their work on the field. We also added new Missionaries to American Samoa and the Go Deaf Mission Team.

Prayer Requests...

- Over the last few months, we both have had complex surgeries and are in the process of recovery. Sandra will have another procedure done in November. Please pray for continued healing.
- Our partners in the Yucatan report having severe issues dealing with Dengue fever among their people. Please pray for them.
