*"Building Durable Missionaries
So They Keep on Going"*

Dear Praying Friends:

There is so much that I could write about my trip to Ethiopia; however, due to limited space I will mention some high points and include a few pictures as well. The main purpose of going was to participate in an international mission conference. In addition to reuniting with some special friends, I met several new laborers from other parts of the world. Here are a few things that made this one of the most wonderful events the Lord ever allowed me to be part of!

- This conference originated in the heart and mind of Ethiopian believers; they planned it, organized it and hosted it. I must say that they did a wonderful job!
- The conference theme was very challenging, OUR MISSION IS GLOBAL; it was frequently brought to the attention of those in attendance.
- The lineup of speakers was international as well, from five different nations: Ethiopia, South Sudan, Philippines, Kenya and American.

In one of the messages the point was made that, perhaps God would like to turn the auditorium into a delivery room. Might He bring forth something not ever seen before: the birth of an indigenous Ethiopian mission's movement? I once heard a preacher say, "...if you have a love for souls, God will often let you be in the delivery room." (Pastor Tracey Jones). That is exactly what God did at the close of the conference as seventy-five (75!) Ethiopian believers answered God's question, "Whom shall I send? And who will go for us?" Be sure to look at the picture at the end of this letter.

Thank you for supporting our ministry, it is a great privilege to be involved with the things God is doing in the lives of other people in other places!

With thanks,

Terry + Barbara
