Missionaries to Latin America | BIO | Fires of Evangelism

2024 Year-to-Date Fires

In a combined total, from February through March, God used us elderly, gray-headed laborers (as well as some others) to influence 220 pastors that attended AM evening attendances reaching 4,478 and 374 salvations decisions. God worked in the hearts of His children calling 78 into full-time service. PRAISE HIS NAME!

Last night in Campeche, Mexico. Nearly 2000 attended and 90 salvations

It tremendously blessed me to be a part of the conference in Campeche. I saw some of the fruit of my labor from years ago when Robin and I invested our lives into numerous young people at the Mt Hebron Bible Institute in Monterrey, Mexico. At this conference (to which I have not attended for 25 years), I saw Julio Pastrana, Gregorio, and William Chan, along with some of their family members. All of these are in ministry or pastoring. They have beautiful families and continue to extend the gospel where God has placed them, and we rejoice in the fruit of our ministry.

Prayer Needs

Please pray for our efforts in gospel ministry. We have given the gospel to Abisai, Henry, Anivar and Omar, as well as others, like Victor Fajardo and his friends.

Please pray for our meeting with Bro. Mazariegos in Virginia this month. The first week of May we will be participating in a conference on the home at Bro. Escobar's church in Knoxville. Other meetings will be coming in June.

Senior Citizen Service

Spring is here! The colors are brilliant. The beauty of life invigorating. BUT, this is only one perspective. Other parts of the world are heading into the chilling winds of winter, and the gray and brown colors begin to dominate those areas. As we enter the winter-time of life, still true is the Word in Ecclesiastes 3:11, "He hath made every thing beautiful in his time:". Thus, there is still a beauty and a wonder for those of us who are now gray-headed. Four of our speakers in the Monterrey conference in February are gray-headed. Three of the four in Peru likewise. The hosting pastor of our conference in Ecuador in March has been pastoring for 35 years. All of our key

My former students Julio & Gregorio

speakers in that conference are over 50. We just finished a conference the previous week in Campeche, Mexico. Five of our main speakers are senior citizens. During this conference, the hosting pastor there celebrated his 36 years of pastoring the church that has been going and growing for 40 years now.

Among these beautifully gifted elderly saints, is Tom Wallace, an evangelist who at the age of 93 still continues to go and give. He brought some wonderful messages and stirred the hearts of almost 60 pastors who attended that conference in Campeche. I had the wonderful experience and honor to translate for all his classes and messages. Ahh, what life, vitality, and joy Bro. Wallace exudes. We look forward to having him in our conference in Illinois in June.

Tom Wallace and I at airport on way to Campeche

THANK YOU!
