2025 Year-to-Date Fires

3 in One Month

One conference is happening this week in Asuncion, Paraguay. In two weeks we have our yearly conference in Monterrey, Mexico, where a good number of folks come from all over the country. We finish out February with a our conference in Lima, Peru.

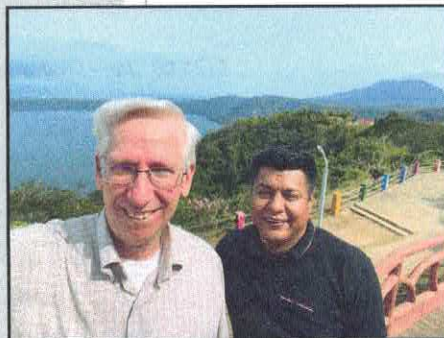

Back in January we had 23 folks surrender to full-time service in our conference in Panama. Other conferences on the docket are Ecuador, Campeche, and Venezuela in March and April..

Prayer Needs

Please continue to pray for my brother Ed as he continues struggling to recover from his bypass surgery back in June last year. Since our last letter he has been in and out of the hospital dealing with varying issues and infections.

Continue to pray that God will guide in replacing our two high mileage vehicles.

Please pray for our Fires of Evangelism conferences. We currently have 25 on the calendar for 2025.

“The Goodness of God”

God is so merciful and gracious to grant us blessings and opportunities. What a way to start the New Year! Robin and I had a WONDERFUL time with our children and grandchildren during the Christmas season. Then January 4th I boarded a plane and headed to Nicaragua to be in two churches: one in Managua, the other in the town of Jinotega in the mountains (coffee country! Of course, I had to bring some back with me. YUM!). In Managua, I preached Sunday morning and evening in the Canaan Baptist Church. God touched the hearts of four folks who came forward and trusted Christ as their Savior. How awesome! Then on Monday the pastor started a conference on the Holy Spirit which went through Wednesday night.

Conference attendees at night

In the conference there was a good attendance. Bro. Cordova (from Celaya, Mexico) and I were the main speakers. Pastor Castro joined us in teaching a few morning sessions. There was a good response from the people and decisions were made for the Lord. During this conference, a third pastor asked my two hosting pastors if I could preach in his church on the next Sunday both morning and evening. Pastor Castro worked out the details, adjusting his plans for me in Jinotega.

So, on Thursday I went to Jinotega where I taught in their Bible institute a class on Old Testament Survey; preached Friday night; then finished the class on Saturday morning. The class had at least 11 students, most were young people. Saturday I headed back to Managua and on Sunday preached in the third church with Pastor Denis Rios. On this trip I spoke 10 times and taught 7.5 hours of class. For the first time in a long time I had an extra day to do a little sight seeing. After lunch Monday, Bro. Jairo took me to see Masaya Volcano but it was closed to the public. We then went to Catarina Outlook and could see the Mombacho Volcano (at top right in picture at left). Both volcanoes are active, but Masaya was too active.
